

# Cueva de Arroyo Azul

## Sierra Poana, Tabasco, Mexico

### Extended Profile

**Survey by:**

Jim Pisarowicz  
 Abigail Wines  
 Louise Hose  
 Dave Lester  
 Pablo Witt Gonzales  
 Carlos Alberto Cordero Martinez  
 Lisa Sonne

Suuntos and tape.  
 January 1999

**Notes:**

This cave has vertical holes in flowstone that appear to have been dissolved by bat droppings. See map for locations.

Excellent macrocrystalline formations in passages beyond Puerto de Suenos.
